

Dear Sussex Montessori Parents and Students,

Due to the current, statewide shortage of school bus drivers, we've had to make some changes to some of our bus routes and schedules. Please know that some of our busses will need to make double runs while others may have hubs added or removed from their previous route. Depending on your hub location, some of you may be assigned to a different bus and/or driver(s).

These changes will be effective beginning Monday, January 10, 2022, when students are expected to return to in-person learning. **These changes will remain in effect until further notice.** We do not anticipate a permanent change, rather something that will be in effect over the next several weeks until we are able to train / hire additional drivers.

Changes to your bus can be found in the tables below; please use this simplified chart to adjust your arrival times accordingly.

We request your continued patience and cooperation as we work together through these challenging times. We are hopeful (and thankful) that with these changes, we can continue to safely transport all students who rely on bus transportation to get to school.
